

S1/2024: Rent Rebate Subsidy Limitation information for financial year ending March 2025 (Wales only)

Introduction

This circular contains details of the Rent Rebate Subsidy Limitation (RRSL) arrangements. Provisions for the financial year ending (FYE) March 2025 arrangements are being made by an Amendment Order to the Income-related Benefits (Subsidy to Authorities) Order 1998. This Order is subject to consultation with the local authority (LA) associations before being laid before Parliament.

RRSL scheme

The RRSL scheme continues in Wales. It does not cover Scotland. And since 1 April 2020, the RRSL scheme in HB Subsidy no longer applies in England, as notified in circular [HB S11/2019 Revised](#).

RRSL scheme draft Limit Rents calculation

The Welsh Government wrote to Welsh LAs on 20 February 2024 to consult on the calculation of draft Limit Rents for FYE March 2025. LAs were notified of the final Limit Rents as part of this consultation. The specific amounts ('O') and guideline weekly rent increases ('P') for determining RRSL are set out in **Annex A**.

For the FYE March 2025 RRSL calculation, the rebate proportion is 0.397.

Amendment to the Subsidy Order

The Secretary of State for the Department for Work and Pensions will make an amending Subsidy Order following a statutory consultation period; publishing the specified amounts and guideline rent increases for Welsh LAs, to be used in Wales to determine the subsidy limitation deduction.
